

# Belcan Brings Speed and Quality to Wiring Harness Build Support

[Belcan.com](http://Belcan.com)

Make Belcan's versatile Peoria-based facility your responsive partner for wire harness build support, from prototypes, to replacements, to reworks and repairs. Our capabilities are tailored to your unique needs:

- Belcan maintains a large inventory to ensure quick-turn support
- Our vast supplier network and long-term relationships allows for accelerated timelines
- Our size, expertise and flexibility allows us to provide complete solutions from concept to market

We build and inspect everything according to **customer's requirements** or quality control regulations—which means **100% quality inspection prior to shipping.**

## Save Time and Money with Belcan

Initial savings from inexpensive production suppliers disappear when slow turnarounds and lengthy shipping times translate to high machine downtime costs. Belcan has **years of experience** providing reliable quick-turn at the highest levels of quality.

**Competitor** turnaround

**12-18 weeks**

**Belcan** turnaround

**2-3 weeks**

Quick Turnarounds.  
High Standards.  
60+ Years of  
Experience  
Serving You.  
**Belcan.**
